✓ 6. Arranged for appropriate compartmented security briefings of the Attorney General and his secretarial staff and the subsequent delivery by courier of the T/K version of the Central Intelligence Bulletin to the Attorney General for his perusal on a daily basis.

7. Consolidated the individual T and K security briefing oaths into one document, thus requiring only one signature to recipients of both clearances.

8. Adopted a system whereby Form 2442, Termination Secrecy Agreement, will be utilized in debriefings involving SI, T/K   access approvals. Previously a separate form had been utilized in debriefings for each security system.

25X1

25X6

✓ 11. Provided security guidance on the handling of compartmented intelligence to the UN Ambassador, The Honorable James Russell Wiggins and the Deputy UN Ambassador, The Honorable William B. Buffum, at the US, UN Headquarters, New York City.

12. Provided security guidance to the National Security Council in the establishing of a document registry to be utilized by the National Security Council located in the Executive Office Building. The form of the guidance was in conducting a survey of the proposed space, provision of specifications and provision of written guidance to the Executive Officer, National Security Council, relative to the logging, packaging and storage of codeword material by the Registry Branch, National Security Council.

13. Provided security advice and guidance on protection of compartmented intelligence to Mr. Robert Ellsworth, former aide to President Nixon, upon his assumption of duties as NATO Ambassador.

14. Arranged for security guidance and defensive briefings for a number of high level government officials assigned to risk-of-capture areas in preparation of travel into denied areas on personal or official business.

15. Arranged for a special courier to deliver a Top Secret/  
Restricted Data document to a [REDACTED]

25X1 [REDACTED] The courier arrangements were made at the request of the Office of Science and Technology, The White House.

16. Conducted 210 personal interviews outside of the headquarters building with representatives of the Executive Branch of the Government for the purpose of providing security guidance on the protection of compartmented intelligence.

17. Provided security policy guidance to the <sup>Under Sec</sup> Secretary of the Air Force, ~~Space Systems~~ for the protection and control of compartmented intelligence at the research and development stage in the industrial complex. X

18. Served as security consultants to the USIB Committee on Imagery Requirements and Exploitation (COMIREX) and its seven standing subcommittees.

SSC -0511-69

20. Provided security guidance to the DDI in preparation and proposed use of compartmented intelligence sources and methods in connection with the Strategic Arms Limitation Talks.

21. In support of the SAFSS Staff the SSC provided security policy guidance to the DIA in its adjudication of problems arising out of a Department of the Army (DA) attempt to sanitize certain operational information from a long-range planning study. To permit wider distribution of the study, which had been prepared and disseminated under the combined controls of three compartmented systems, DA was attempting to publish the study under the controls of only two of these systems by removing the least possible amount of the information controlled by the third system.

22. Provided security policy guidance to the Department of State and the Defense Intelligence Agency (DIA) in the DIA proposed briefings of US Ambassador in the European area which would require the Department of State to grant the Ambassador approval for access to compartmented intelligence. One-time access was authorized.

23. Provided compartmented security policy guidance to the Office of Special Activities, DDS&T in the close out of Project OXCART, a major reconnaissance program protected in the compartmented security area.

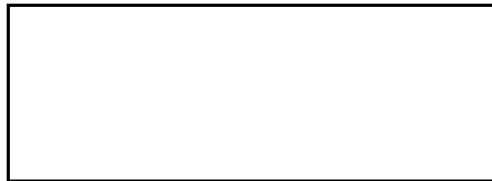

25. Coordinated with the Special Intelligence Security Staff, in the revision and updating of Headquarters COMINT Regulation No.  toward a goal of uniformity between security aspects of the COMINT and other Compartmented Control Systems.
